

RRB | Removable Roof Bodies BODY SPECIFICATIONS

Standard Features

- Rust-resistant, heavy-gauge galvanized steel construction, including a double-paneled galvanized steel tailgate and a galvanized floor with 3-inch structural cross members
- Ladder box with pole pruner shelf and rear lockable door
- Body cleaned with a high-temperature, high-pressure chemical wash to etch the steel before applying a high-grade automotive primer to ensure a durable finish
- Undercoating on underside of floor and toolboxes to enhance durability
- Coal tar epoxy bed liner for a rugged, corrosion-resistant interior finish
- White or black finish paint (Additional colors are optional)
- Fully enclosed lights and wiring harness that are weather- and debris-resistant
