## CrewPlex<sup>®</sup> DR10

The CrewPlex DR10 provides full-duplex, hands-free communication to crews for critical workplace communication. Unlike two-way radios, CrewPlex allows simultaneous conversation among crews, even in the most challenging high-noise environments.

Small, lightweight, and easy to use, the DR10 is extremely durable, featuring an IP67 rating to resist water, dust, and rugged use. In addition to 10 full-duplex users and 2 talk channels, the DR10 provides unlimited listeners and shared talk users all without the need for a basestation. Three flexible operating modes also help extend the range of any DR10 system to cover tough jobs. High-quality audio, excellent range, and ease of use make the CrewPlex DR10 a perfect solution for any size crew to stay connected, be productive, and to focus on job safety.
