

K2 WIRELESS BASE STATION

COMPACT. RUGGED. FIELD-READY.

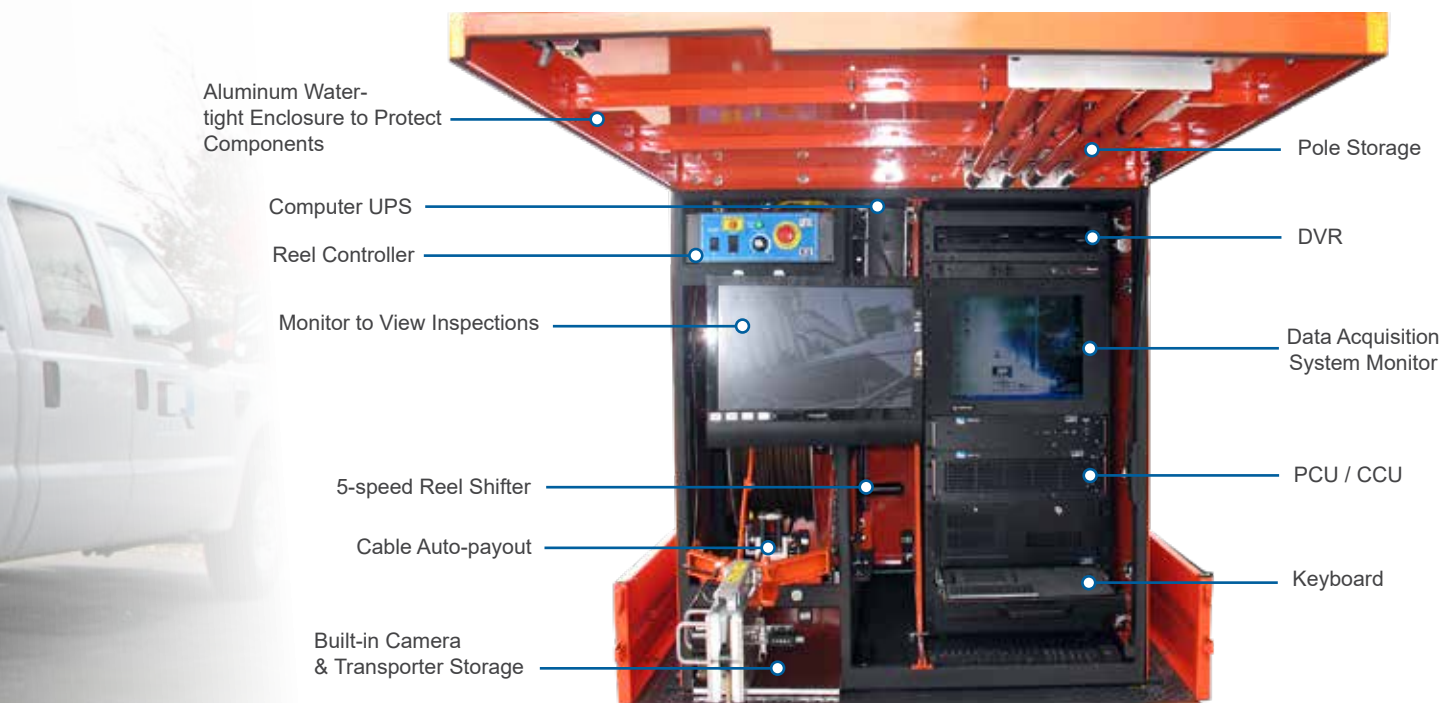

The CUES K2 Base Station is designed for performance and portability, ideal for easement and off-road inspections where access is limited. Housed in a compact, weatherproof aluminum enclosure, the K2 can be easily mounted in an ATV, van, or pickup truck, giving you a mobile inspection solution that's ready when and where you need it.

Featuring wireless control, the K2 Base Station operates all CUES cameras, transporters, and reel functions for 6" to 200" (152 mm to 5080 mm) pipe inspections. The automatic cable payout reel holds up to 1,700 ft (518 m) of video cable, ensuring extended reach and consistent performance in the field.

WHY CHOOSE THE CUES BASE STATION?

- **Wireless Operation:** Control all camera, transporter, and reel functions remotely for smooth, efficient inspections.
- **Rugged, Weatherproof Design:** Aluminum enclosure with industrial-grade paint ensures protection in harsh environments.
- **Compact & Portable:** Mounts easily in a pickup, van, trailer, or ATV for flexible deployment.
- **Automatic Cable Payout:** Optimizes transporter pull distance and cable management.
- **Quick Deployment:** Equipped with welded lifting eyelets and forklift skids for easy loading and unloading.
- **Organized Interior Layout:** Partition separates power and control units from camera and tractor storage for better protection and workflow.
- **Built-In Storage:** Dedicated space for camera, transporter, poles, and accessories.
- **Shock-Isolated Racks:** Prevent vibration damage during transport.
- **Easy Maintenance:** Removable panels allow quick access for service and cleaning.
- **Optional Compatibility:** Operates with the CUES Digital Side Scanning Camera (DUC).

DESIGNED FOR FIELD EFFICIENCY

The sealed front door doubles as an awning when open, providing shade and protection during setup. Inside, you'll find a user-friendly control layout featuring:

- Data acquisition system and monitor
- DVR and computer interface
- PCU/CCU and UPS
- Keyboard and reel controller
- 5-speed reel shifter with auto-payout

Go where trucks can't; inspect with confidence using the CUES K2 Base Station.
