

flexiprobe C540c

PORTABLE VIDEO INSPECTION SYSTEM

The flexiprobe C540c system simplifies your operations by automatically creating a survey report, allowing you to concentrate on your inspection tasks. Share your reports quickly and easily via email or the Dropbox file sharing service.*Use GraniteNet software to integrate the CUES flexiprobe C540c to your asset inspection, decision support, and work management program.

Email directly to client / manager or share to DropBox using wireless hotspot connection to phone.

Powerful controller provides a comprehensive and intuitive user interface, simple menus and dedicated function buttons.

Built-in rechargeable batteries provide up to 7.5 hours usage. Charge on the move for longer use time.

Integrate with CUES GraniteNet software[†] to create NASSCO standard compliant reports including PACP, LACP, and MACP.

Controller

The flexiprobe C540c system is managed by the most powerful and intuitive Controller ever designed by CUES. A quick boot-up, an intuitive user interface and a high definition 10.1" TFT display, the C540c lets you concentrate on the job in hand. Ruggedized case and IP55 rating provide reliability and usability most challenging environments.

*WiFi access point required, such as mobile phone, tablet or dongle.

[†]May require a separate GraniteNet licence from CUES.

The flexiprobe C540c system is managed by the most powerful and intuitive Controller ever designed by CUES.
