MAINTAINER CRANES

Certified, tested, dependable cranes
available from 2,000 to 14,000 lb. capacity.
Horizontal reach options up to 34'.
Rated capacity up to 90,000 ft*lb.

- Tall Tower allows for lower center of gravity and less stress on compartments.
- Short Tower is available in many popular configurations.
- Wireless Remote allows for flexibility and safety.

Innovations
— in —
Engineering

ADVANCED CRANE CONTROL

- Standard on all hydraulic cranes
- Automatic capacity limiting in low stability lifting areas by sensing truck level, and boom angle
- Automatic stability monitoring reduces operator error
- Reduces rotation speed under heavy load for improved operational control
- Potentially eliminates the need for front outriggers on certain service bodies
- Will warn the operator and stop crane rotation if necessary

Crafting a Legacy of Premium Truck Bodies

CUSTOMIZED...To Make Your Job Easier | Premium Bodies. **ULTIMATE VALUE.**

HYDRAULIC CATWALKS ease access across ditches.

LONG LASTING 11, 12 & 14 Gauge A60 Galvannealed material and 3/16" thick aluminum doors are strong and corrosion resistant.

Experience **THE MAINTAINER** *Advantage*

SAFETY CONSCIOUS:
Traffic warning light systems & LED exterior flood lighting

Maintainer has a winning lineup of features and options that will make your highway crew more efficient **AND** cut costs!

AIR COMPRESSOR UNITS: Maintainer Sign Trucks can accommodate a wide variety of reciprocating & rotary screw models powered by hydraulic, fuel or PTO.

PROTECT YOUR EQUIPMENT with our Patented Pressurized Storage System (PSS). It keeps dust and moisture out of the cabinets.

DUALOCK™ DRAWER SYSTEMS lock in **AND** out! Simple one-hand operation. 300# mobile-rated.

WELDERS: Maintainers are built to house the welder of your choice. Choose from gas, diesel or hydraulic models.

WISE MOUNT PLATES
Permanent fixed location or removable plates are available.

WE CREATE SPACE for sign, post and tool storage. Room for everything you need to get the job done!

HYDRAULIC AUGERS make sign installation a one-man job!

HYDRAULIC POST POUNDERS install posts easily!

HEAVY-DUTY WORKBENCH BUMPER with improved rear body access, Class 4 hitch rated to 10,000# gtw, and 1,500# tongue weight.

ALL-IN-ONE POWER UNITS let you turn off your truck and still run your equipment - saving you money on fuel!

AN AUGER STORAGE COMPARTMENT keeps the auger out of sight when not in use and gives your sign truck a clean look.

LIFT GATES assist with loading and unloading heavy equipment needed for the job!

MAINTAINER TRUCK BODIES ARE ETCH-PRIMED & FINISHED WITH AUTOMOTIVE PAINT IN THE COLOR OF YOUR CHOICE! Optional spray-on, non-skid protective coatings available.
