

Endless Sweeping Solutions™

V65 - Pure Vacuum

SIMPLICITY

- Smart machine technology to simplify operations and streamline service.
- Centralized sealed systems locker.
- “Unhanded” sweep gear components.
- Toploading catch basin cleaner that will permit a work coverage range of 270° and safely shields the operator from oncoming traffic.

PERFORMANCE

- Energy-efficient fan system, direct drive with fluid coupler & step-up gear box transmission with full 5-year warranty, no belts to adjust.
- 12' sweep path with “straight inlet” vacuum.
- Exclusive “one-pass” sweeping system.

DURABILITY

Stainless Steel Construction – 8.5yd³ usable hopper, 410 gallon water tank, fan and hopper filtration screens.

SUPPORT

Backed by carefully selected authorized dealer network; highly trained and extremely committed.

VALUE

- Peace of mind factory warranty. Unmatched 2yr/2000hr “No Hassle, All-Inclusive” full machine warranty: Best in industry.
- LIFETIME WARRANTY debris hopper & water tank.

R65 - Regenerative Air

SIMPLICITY

- In-cab controls incorporate audible and visual indicators.
- Set and forget pick-up head.
- “Unhanded” sweep gear components.
- Centralized key systems.

PERFORMANCE

- Energy-efficient fan system, direct heavy duty coupled motor, no belts to adjust.
- 12' sweep path with aggressive “unhanded” 44” leading arm digger-type gutter brooms which provide the ability to sweep/scrub in front of 93” pick-up head.

DURABILITY

Stainless Steel Construction – 8.5yd³ usable hopper, dust separator, fan, and hopper filtration screens.

SUPPORT

Backed by carefully selected authorized dealer network – highly trained and extremely committed.

VALUE

- Peace of mind factory warranty. Unmatched 2yr/2000hr “No Hassle, All-Inclusive” full machine warranty: Best in industry.
- LIFETIME WARRANTY debris hopper & water tank.

E35 - Mechanical

SIMPLICITY

- Proven, customer-inspired single engine design.
- No computers means less complexity with troubleshooting.
- Choice of dirt shoes – industry preferred “T” plate or easily adaptable brush dirt shoes.
- Systems control locker.

PERFORMANCE

- 12' sweep path with an 18'6” turning radius.
- Equal width pick-up broom and 12 flight elevator delivering faster sweeping and loading.
- Aggressive “unhanded” 44” leading arm digger type gutter brooms.
- Variable dump height up to 12'6”.

DURABILITY

Stainless steel construction – 4.5yd³ usable hopper and 4-piece elevator floor. Load-sensing hydraulic system

SUPPORT

Backed by carefully selected authorized dealer network – highly trained and extremely committed.

VALUE

- Peace of mind factory warranty.
- Unmatched 2yr/2000hr “No Hassle, All-Inclusive” full machine warranty: Best in industry.
- LIFETIME WARRANTY debris hopper.

5 THINGS YOU MUST KNOW BEFORE BUYING A STREET SWEEPER

In this “must read” report you will discover how to purchase the **best value** street sweeper for your application.

High Performance Compact Sweepers - Pure Vacuum

CityCat V20

- High Maneuverability - Articulated steering
- 2.6 yd³ usable volume debris hopper
- 9' Sweeping Width
- 112 gallons water volume
- Deutz Diesel Engine - 83 H.P 3 cylinder
- Variable Dump Height to 61"
- PM 2.5/10 certified
- 2 year Full Machine Warranty

CityCat V20e

- High Maneuverability - Articulated steering
- 2.6 yd³ usable volume debris hopper
- 9' Sweeping Width
- 112 gallons water volume
- Variable Dump Height to 61"
- 63 kWh auto Li-ion Battery
- Operating Time - 8 hours
- Charging Time - 4 to 6 hours to 63 kWh
- PM 2.5/10 certified
- 2 year Full Machine Warranty

CityCat 5006

- 7.3 yd³ usable volume debris hopper
- Water tank - 235 gallons
- Hydrostatic 4-wheel steering
- Turning Radius 9'6"
- 11'5" Sweeping Width
- FPT - Iveco Diesel Tier 4 Final 138 H.P.- 4 cylinder
- Cabin designed for 3 people
- Variable Dump Height up to 61" with tipping angle of 51°
- PM2.5/10 Certified
- 2 year Full Machine Warranty

CityCat VR50e - All Electric

- 7.3 yd³ usable volume debris hopper
- Water tank - 235 gallons
- Hydrostatic 4-wheel steering
- Turning Radius 9'6"
- 11'5" Sweeping Width
- 137 kWh auto Li-ion Battery
- Operating Time - 10 hours
- Charging Time - 4 to 6 hours to 137 kWh
- Cabin designed for 3 people
- Variable Dump Height up to 61" with tipping angle of 51°
- PM2.5/10 Certified
- 2 year Full Machine Warranty
