WORK OUTSIDE THE LINES

The world is not flat. There's a great deal of extreme terrain that must be maintained and we have the means to get it done. Our American-built, R Series Remote-Operated Robotic Mowers will redefine how you do the business of mowing. These machines are designed to significantly reduce your labor needs, dramatically increase your ability to add revenue from specialty work, and most importantly, this technology keeps your people incredibly safe. Developed by experts in robotics, aviation, military, and landscaping—and supported by the RC Mowers Success System™—the R Series is the tool to help you succeed outside the lines.
