

COMPACT PIPE RANGER WHEELED TRANSPORTER

BIG PERFORMANCE IN A COMPACT PACKAGE.

When you need a powerful, precise transporter for demanding inspections in small to mid-sized pipelines, the CUES Compact Pipe Ranger (CPR) is built to perform. Lightweight yet rugged, this multi-conductor wheeled unit navigates 6" relined through 48" diameter pipes with exceptional agility, pulling power, steering, and inspection quality.

Engineered for reliability and accuracy, the CUES Compact Pipe Ranger handles sanitary sewers and storm drains with ease, keeping your inspections efficient and your operations moving.

WHY CHOOSE THE CUES COMPACT PIPE RANGER?

OPERATOR-FOCUSED DESIGN

- **Go Anywhere Power** – Operates up to 1000 ft (305 m) of cable with ease.
- **Versatile Range** – Inspects 6" relined through 48" diameter pipelines.
- **Superior Imaging** – Pair with CUES OZIII-S or OZ4-HD Cameras for crystal-clear results.
- **Unmatched Maneuverability** – Full-proportional steering navigates meandering pipes, 45° sweeps, and tight 90° turns.
- **Set It & Forget It** – Built-in "cruise control" allows hands-off operation.

ENGINEERED FOR REAL-WORLD CONDITIONS

- **Built Tough** – All-wheel drive with a two-speed transmission for torque and traction in debris, silt, or slippery PVC.
- **Operator-Friendly** – One joystick controls all transporter and camera movements for simplified operation.
- **Compact Advantage** – Designed to fit through small manholes, invert entries, & dead-end lines with ease.

Flexible Configurations –

Multiple wheel sets maximize clearance and traction for any pipeline condition.

8" Steel

10" Steel

6" Rubber

8" Rubber

12" Pneumatic

One Joystick, Total Control -

Simple joystick operation for both camera and transporter functions.

Optional Add-Ons for Maximum Efficiency

-  **Rear-Viewing Camera** – Adds visibility to avoid obstacles, prevent tip-overs, and ensure safe retrieval.
-  **Mechanical or Power Camera Lift** – Adjust camera height remotely without entering the pipeline.

Optional Power Camera Lift

Optional Rear-Viewing Camera
