

CUSTOM TRUCK-MOUNTED
INSPECTION SYSTEMS

ENGINEERED FOR RELIABILITY. BUILT FOR PERFORMANCE.

CUES proudly offers custom truck, van, ATV, and trailer-mounted systems for all of your TV inspection, condition assessment, and rehabilitation needs!

CUES truck-mounted systems are designed to withstand the harshest field conditions while delivering unmatched comfort, efficiency, and productivity for your crews. Whether your operation requires inspection, profiling, sealing, or cutting, CUES provides complete turn-key vehicles tailored to your needs.

WHY CHOOSE A CUES CUSTOM TRUCK?

- ✦ **All-in-One Solutions –**
 - Combine TV inspection, pipe profiling, joint sealing, and lateral cutting in one integrated system.
- ✦ **Proven Performance –**
 - Inspect 6" - 200" (152 mm - 5080 mm) mainlines and 3" - 8" (76 mm - 203 mm) lateral services with ease.
- ✦ **Custom Configurations –**
 - Design your truck interior, cabinetry, equipment layout, and mounting for maximum efficiency.
- ✦ **Faster Delivery –**
 - Our in-house Vehicle Assembly Center reduces lead times, getting your system on the road quicker.
- ✦ **Flexible Chassis Options –**
 - Ford, GMC, Chevrolet, International, Freightliner & more; available in gas, diesel, or natural gas.

VEHICLE CONFIGURATIONS

TV Mainline/Lateral Inspection Trucks -

- Ergonomic design to inspect 6"–200" mainlines (152 mm - 5080 mm)
- Optional lateral inspection from mainline or clean-out

Sprinter/Transit Vans -

- Compact, custom TV inspection vans for urban or restricted access environments.

TV / Cutter / Grout Trucks -

- Perform mainline inspections, joint sealing, and lateral reinstatement, all from one vehicle.

TV / Cutter Trucks -

- Reinstall lateral services, remove protruding taps, and complete pre- and post-inspections.

TV / Grout Trucks -

- Inspect and seal mainlines and laterals with integrated grout systems.

Optional: Add CUES's Granite Net Asset Inspection Software, LAMP II (Lateral & Mainline Probe), DUC Camera, SoLID FX, or CATVS, depending on individual configurations.

With our in-house, state-of-the-art Vehicle Assembly Center, CUES can substantially reduce the manufacturing time required for your turn-key truck-mounted system! Customize your truck interior, cabinets, equipment, and mounting configuration to fit your unique requirements! Depending on the specific vehicle, chassis are available in diesel, gas, and natural gas configurations. Optional dry freight box mounted systems are also available.

BUILT FOR TODAY. READY FOR TOMORROW.

CUES trucks are more than inspection vehicles, they're long-term investments backed by 64+ years of innovation in pipeline inspection technology. From small municipalities to large contractors, our truck-mounted systems help crews improve productivity, reduce downtime, and future-proof their operations. Call today for a free demo!
